

# Before Using Prescription Medication for Diabetic Neuropathy – Try These Supplements

*Clinical studies suggest use of benfotiamine (a specific form of B1) and methylcobalamine (a specific form of B12) with right alpha lipoic acid can reduce neuropathy in as little as 3 weeks... Years of clinical studies have proven that these ingredients work at eliminating unwanted symptoms from nerve pain. In fact, many of the studies conclude that these forms of B vitamins and R-Alpha Lipoic Acid actually reverse neuropathy...*
